### Piz Bernina, Top of Switzerland, Conquered By Climbers at Last

Piz Bernina, which stands 13,800 feet up in Switzerland's skies, finally has been conquered by man. An expedition of the International Research Institute of Germany has just succeeded in scaling the peak for the first time, carrying up heavy scientific equipment with enormous difficulty. This is the highest mountain in East Switzerland. The peak and its conquerors are shown.

### Postal Card Will Reserve Seats at Mission Theatre

Keen interest has been aroused on the part of residents here in the policy announced by Director Charles A. King of the King Players, whereby special attention will be given to orders from residents of this section for seats at the Mission theatre, Long Beach, where the King Players are staging a series of notable Broadway successes.

"Nightie Night," known as one of the funniest farce-comedies produced in many seasons, is the attraction scheduled for the week commencing Sunday, March 1, and indications are that it will prove one of the most popular theatrical attractions ever offered in Long Beach. Several parties of Torrance and Lomita residents are reported to have made block reservations.

Under the policy outlined by Mr. King, Torrance and Lomita patrons may reserve their seats merely by dropping a post card in the mail box, telling when they will attend and what priced seats they desire, or they may telephone 632-19. Seats so reserved are held until half an hour before curtain time. No extra charge is involved. Arrangements have also been made whereby season reservations may be made without additional charge. The playgoer merely leaves his reservation at the box office. His seats are held for him and paid for when he obtains the checks. If, for any reason, he misses a week he is not charged for the seats; they are sold to someone else; but a reservation is cancelled if it remains uncalled for longer than two weeks.

### Will Give a Free Permanent Waving Demonstration Here

Mildred May Gordon is inviting the women of this district to a free demonstration in permanent waving at the El Prado Apartments Torrance, Saturday afternoon. Miss Gordon has been doing permanent waving for the past four years but states that this new method is the most satisfactory she has ever experienced, as it not only produces a much more attractive wave, but is much less tiresome to administer and is absolutely harmless to the hair. The demonstration will be held from 2 to 4 o'clock tomorrow afternoon.

#### HIS CONSCIENCE

One of the witnesses before a grand jury appointed to inquire into a case of alleged bribery in a local election stated that he had received \$25 to vote Republican, and in cross-examination it was elicited that he had also received \$25 to vote Democrat.

The jury foreman, in amazement, repeated: "You say you received \$25 to vote Republican?" "Yes, sir." "And you also received \$25 to vote Democrat?" "Yes, sir."

"And for whom did you vote at the finish?" The witness, with injured dignity in every line of his face, answered with great earnestness: "I voted according to my conscience!"

### WIFE SAVERS BY MRS. MARY MORTON

This recipe for home-made mustard is warranted to please the family more than the manufactured kind: Take three tablespoons dry mustard, one tablespoon granulated sugar; rub thoroughly together. Beat one egg and add one small cup vinegar, not too strong. Cook in double boiler and when thick like custard add one large tablespoon melted butter.

Ashes sprinkled on icy walks and steps make untidy tracks on the porch and house. Ask your grocer for a quantity of ground cork in which grapes are packed, heat, and use instead of the ashes. The heated cork melts the ice just enough to make it stick so that even a high wind will not dislodge it.

Little children's soiled linen picture books may be washed with a mild soap powder or chips, starched slightly and ironed, and they will look like new.

The rusty deposit left in water pitchers, vases, etc., may be removed by strong vinegar. Let the vinegar stand in the receptacle overnight. The vinegar may be saved and used again for the same purpose.

Escalloped Tomatoes.—Mix canned tomatoes with crumbled bread or crackers. Add seasoning of butter, salt, pepper and a little sugar, and pour into greased baking dish, and pour into greased baking dish. Bake one-half hour.

How many steps do you take in one day? "A kitchen which is poorly planned makes a woman walk miles and miles. A kitchen which is well planned saves her enough steps so that she is fresh at the end of the day. She is a better wife, a more interested mother, because she has not worn herself out physically." So says

a domestic science expert. She says: "To say that it has been a pleasant place in which to stay, but it was not a convenient workshop. The sink in the dark corner, the pail of water, the cupboard with all the shelves so high that a stool was required to get at the top shelf, were accepted as part of the day's work in grandma's time; not so any more." Modern conveniences and arrangements should mean work more easily and more scientifically done and more leisure for the housewife.

Potato Hot Cakes.—Combine two cups mashed potatoes, two eggs, one-half cup of milk. Then add to this combination one-half teaspoon salt, three-fourths cup flour, two teaspoons baking powder. This makes a very economical as well as delicious way to use your leftover mashed potatoes. Add milk to the potatoes, then the two eggs, beaten very lightly. Sift in all the dry ingredients and beat for five minutes. Fry on a hot griddle the same as you do other hot cakes. Serve with corn syrup.

Corn and Cheese Puff.—For one cup of canned corn add two cups of milk, blended with a quarter of a cup of flour; stir in a cup of grated cheese, the beaten yolks of three eggs, half a teaspoon of salt and a tablespoon of chopped green pepper which has been cooked under salt in a tablespoon of butter. Last of all, add the stiffly beaten whites of the eggs, turn into a buttered baking dish, and bake thirty minutes. Heat half a can of tomatoes, add salt, pepper and two tablespoons of butter. When hot and thoroughly mixed, stir in two egg yolks and one cup of grated cheese. Serve as soon as the cheese is melted.

Don't fret if you can't have maple syrup for your breakfast cakes. Try some of the peach syrup that didn't jell.
